

Federal Tax Credit

Certified Solar Collectors

Alternate Energy Technologies (AET) has been manufacturing solar collectors uninterrupted since 1975 in Florida, USA. Solar collectors manufactured by AET are certified through the Solar Rating Certification Corporation (SRCC) and the Florida Solar Energy Center (FSEC). Also, pre-engineered and designed systems are certified through SRCC and FSEC for system efficiency. The certified products AET manufactures qualify for the federal tax credit.

Please keep a copy of this certification statement for your records .

Regards,

Alternate Energy Technologies, LLC
